

## WHEN PLAY IS CANCELLED OR DELAYED

### **Dangerous/Unplayable Conditions:**

1. At any time there are dangerous or unplayable conditions on the course, players must be/come off the course:
  - a. In all cases if dangerous conditions are expected to last less than an hour, play will likely be delayed. If dangerous conditions are expected to be longer than an hour or two play will likely be cancelled/re-scheduled depending on the event being played.
  - b. Before play starts, an assessment will be made regarding duration of the dangerous conditions. Every effort will be made to notify players prior to arriving at the Clubhouse (e.g., eblast or text message from Pro Shop/Golf Genius). However, there are times when there is not enough time to alert players prior to arriving at the Clubhouse for that morning's competition.
  - c. After play starts, players will be alerted via text message using Golf Genius. Please put this number into your contacts so you recognize the texter: (833) 247-9615. Be sure to remember what hole you were on and mark your ball position with a tee or other marker you don't mind leaving on the course. The text message should alert you that dangerous conditions exist and that all players are to return to the Clubhouse.
  - d. TPD vs Tournament Event:
    - i. If a TPD is cancelled (not delayed) prior to completion there will be no payout that day and all skins monies will be carried over to the next regular playday or returned.
    - ii. If a Tournament Day is cancelled (not delayed) prior to completion every effort will be made to reschedule the day so the full tournament can be played.
  - e. A consensus must be reached between the Pro Shop Staff, Vice President, Tournament Chair and/or the TPD Chair to declare the course "dangerous" / "unplayable". The conditions may include, but not be limited to, lightning, hail, or so much rain/wind/worms that the maintenance crew cannot prepare the course properly. If a player elects to leave the course without notification she will be disqualified unless there is supported belief that dangerous conditions existed.

### **Inclement Weather:**

1. Tuesday Play Day (TPD)
  - a. Any player can decide at any time to not play due to the course conditions. If 12 or more players elect to play then the game of the day is "official" and payouts will be made. If fewer than 12 finish, payouts will still be paid.
2. Tournament Play will be Re-Scheduled due to the following
  - a. If the course is closed
  - b. If Cart-Path-Only has been invoked by the Pro Shop Staff

- c. In addition to a. and b. above, postponement/cancellation of a Tournament day will use the criteria noted in section “e.” above as a guide. The ECWGC calendar will keep the following Tuesday after a tournament open for possible make-up day.
- d. A Tournament Play Day may have a delayed start due to weather and participants need to be aware and plan accordingly.
